

HomeStudy Supervision

The "HomeStudy Supervision" class is designed for employees who are interested in furthering their careers with the County by becoming supervisors. The program requires you to meet over the next few months with a coach of your choosing, discussing in depth the material received at orientation. Students will complete a quiz for each unit to document completion of the material. The reading is done on your own time, while the meetings with your coach are done on County time and take a total of about 6-12 hours, 30 - 60 minutes for each unit. The orientation session is to be attended by both the coach and the participant.
