### AMENDMENT 1

#### Questions/Answers to RFP Bid #PRK 121709 - ENG

**Question 1:** Is there a list of respondees that a Consultant might use to contact some possible partners?

**Answer :** No current list of potential Consultants has been developed hence all RFPs for Consultants are posted on Bidsync and the Department website. The Department has a **very** outdated list of Engineering Consulting Firms in the SF Bay Area (list is attached). The invitation to respond to the RFP has been sent to the Consulting Firms on this outdated list. However, the Department takes no responsibility for outdated or incorrect information on the attached list.

**Question 2:** Is there any Service Disabled Veteran Owned business (SDVOB) or Disabled Veteran Business Enterprise (DVBE) set-aside requirement for this RFP?

**Answer:** No.

**Question 3:** Is the County seeking to hire one firm (Prime) containing a comprehensive team (multiple Subs) to accommodate all of the anticipated services in this RFP, or can specialty consultants (geotechnical, hydrological, hazardous materials, etc.) submit individual proposals to you for their specialty service(s) only? The RFP states a prime may create a comprehensive team, but we wanted to know if it was going to be a requirement or expectation.

**Answer:** The Department is looking for a **comprehensive team** (with multiple subs if necessary) and not for the proposals from individual specialty consultants.

**Question 4:** Has the Almaden Quicksilver (AQ) TMDL survey work started and when will it be completed?

**Answer:** The AQ TMDL survey has just started and is due to be presented to the regulatory agencies in December 2010. Upon completion the survey will be available to the public.

**Question 5:** What type of professional engineering services are needed for this project?

**Answer:** All engineering services are outlined in the Subject paragraph: "*Some typical consulting services may include: structural design and engineering, electrical engineering, civil engineering...*"

**Question 6:** Will there be a category for Building Commissioning Services, whether it be LEED Commissioning, Retrocommissioning or Monitoring-Based Commissioning?

**Answer:** A LEED consultant or sub-consultant would be an asset to the team.

**Question 7:** What are the accessibility regulations Santa Clara County is enforcing for trail improvements under ADA Title II?

**Answer :** The Department does comply with ADA.

**Board of Supervisors:** Donald F. Gage, George Shirakawa, Dave Cortese, Ken Yeager, Liz Kniss  
**County Executive:** Jeffrey V. Smith

**Question 8:** The Consultant Agreement (Attachment A) references to PART 8 – Indemnification & Insurance with a notation to see the requirements set forth in Exhibit E. (Exhibit E does not list the requirements but states that the information is to be “insert current form from ESA web site”. Could you please send a corrected Exhibit E with the full indemnification verbiage).

**Answer:** Part 8 of PSA (Exhibit E - is only a placeholder for inserting the Insurance Requirements with the PSA and refers to the Insurance Requirements of Attachment B in the RFP). There are NO other insurance Requirements.

**Board of Supervisors:** Donald F. Gage, George Shirakawa, Dave Cortese, Ken Yeager, Liz Kniss  
**County Executive:** Jeffrey V. Smith
