

# Sanborn County Park Trails Master Plan

You are invited to attend a public meeting on Tuesday **May 13, 2008** for the Santa Clara County Parks Department's presentation of an Initial Study/Mitigated Negative Declaration for the Sanborn County Park Trails Master Plan in Saratoga, CA. The meeting is intended to gather public input on the impending expansion of the trail system at Sanborn County Park.

Sanborn County Park has been a jewel in the hills above Saratoga since 1962. While this park already offers opportunities for hikers and equestrians, the desire to build the Bay Area Ridge Trail and the Juan Bautista de Anza National Historic Trail have prompted the need for this plan. The Sanborn County Park Trails Master Plan will address the concepts related to trail modification, possible trail closure, and new trail planning in the park, while seeking to balance resource preservation, interpretation, fire protection, and multiple-use trail needs.
