

Information Source:
Santa Clara County's Network of Care
for Seniors and People with Disabilities

In collaboration with the Office of Supervisor Liz Kniss, the Department of Aging and Adult Services has launched an interactive website, the **Network of Care for Seniors and People with Disabilities**. This Network of Care website is to serve as a resource for older adults, persons with disabilities, family members, friends, caregivers and service providers. The Network of Care is offered as part of Santa Clara County's ongoing commitment to provide care supports and services and to promote a healthy, safe and prosperous community for all.

Website features include:

- A Service Directory containing service programs and support groups. New or updated information and services can be included by staff using the "update this listing" or "feedback" features.
- A pre-vetted library with written content, interactive assessment and educational tools.
- An advanced social networking platform for easy communication and network-building.
- A legislative information and advocacy tool.
- A Personal Health Record to store valuable medical information safely
- All assistive devices made in North America, searchable by function.
- News from around the country regarding older adults and persons with disabilities.
- Best-practice content-sharing from all sites throughout the country, such as Fall Prevention, Financial Abuse, educational programs, and more.
