DISASTER SERVICE WORKERS

Create a Family Disaster Supplies Kit

To Get Started

- Check your house for supplies that you already have on hand.
- Decide where you will store supplies (food may be packed together in a single container or kept on shelves for easy rotation).

Meet With Your Family to Plan

- Discuss the types of disasters that could occur.
- Explain how to prepare; explain when and how to respond.
- Discuss what to do if you need to evacuate.
- Practice your plan.

Suggested Foods

Select based on your family's needs and preferences.

Pick low-salt, water-packed varieties when possible.

- Canned meat: tuna, chicken, ravioli, chili, beef stew, spam, corned beef, etc.
- Vegetables: green beans, kernel corn, peas, beets, kidney beans, carrots, etc.
- Fruit: pears, peaches, mandarin oranges, applesauce, etc.
- Cereal: Cheerios, Chex, Kix, Shredded Wheat, etc.
- Quick Energy Snacks: granola bars, raisins, etc.

Remember to rotate your supplies every six months.

In case of evacuation, your "Go-Pack" should:

- Be in a backpack or other similar container that is easily carried.
- Contain your most important items such as a change of clothes, quarters for pay phones, out-of-state contact info, medications, important papers, etc.

Family Disaster Supplies Calendar

The Family Disaster Supplies Calendar is intended to help you prepare for disasters before they happen. Using the calendar, your family can assemble an emergency kit in small steps over a six-month period. Check off each week as you gather the contents. Supplies may be stored all together in a large plastic garbage can or food may be kept on kitchen shelves. Remember to rotate your perishable supplies and change water every six months.
