

**COUNTY OF SANTA CLARA
PROPOSED PROJECTS FOR SAFETEA-LU REAUTHORIZATION**

Project Name and Description	Funding Request	Local Match	Total Project Cost	Supervisorial District	Congressional District and Member
<i>Page Mill Road/I-280 Interchange Improvements</i> Redesign and construction of new interchange to improve traffic flow, reduce congestion, and enhance bicyclist and pedestrian crossings.	\$5.28M	\$1.32M	\$6.6M	5	14 Rep. Eshoo
<i>San Tomas Box Culvert Repair</i> Design and construction of first of four phases to repair the culvert that is under portions of San Tomas Expressway. The repairs are necessary to avoid collapse of the structure, which would damage the expressway. Costs to repair the entire structure exceed \$10 million.	\$3.52M	\$.88M	\$4.4M	4	15 Rep. Honda
<i>Capitol Expressway Pedestrian Improvements</i> Construction of sidewalks in four segments of the expressway to fill sidewalk gaps. The project will expand pedestrian access to the expressway and provide safe walkways.	\$1.44M	\$.36M	\$1.8M	2,3	16 Rep. Lofgren
<i>DeWitt Avenue S-Curve Realignment</i> Construction of a road improvement to DeWitt Avenue to straighten an S-Curve. This would enhance road safety by improving the line of sight for motorists, bicyclists, and pedestrians.	\$2M	\$.5M	\$2.5M	1	16* Rep. Lofgren

*Because of its location, DeWitt Avenue is mostly used by residents in CD-11 (Rep. McNerney).
