Philosophy, Goals, Objectives and Comprehensive Plans

Note: The following optional administrative regulation should be revised to reflect district practice.

Development and Review of Comprehensive School Safety Plan

Note: The following section reflects requirements for the development of site-level comprehensive safety plans required by Education Code 32280-32289 and is for use by districts that selected Option 1 in the accompanying Board policy. Districts with an average daily attendance of 2,500 or less that selected only Option 2 in the accompanying Board policy (i.e., that have developed a districtwide comprehensive safety plan applicable to all school sites in lieu of individual site plans, as authorized by Education Code 32281) should omit this section.

Note: Pursuant to Education Code 32281, as amended by AB 680 (Ch. 438, Statutes of 2011), the Governing Board may elect to have district administrators, rather than the school site council, develop those portions of the comprehensive safety plan that include tactical responses to criminal incidents that may result in death or serious bodily injury; see the accompanying Board policy.

The school site council shall consult with local law enforcement in writing and developing the comprehensive school safety plan. When practical, the school site council also shall consult with other school site councils and safety committees. (Education Code 32281, 32282)

(cf. 0420 - School Plans/Site Councils)

The school site council may delegate the responsibility for developing a comprehensive safety plan to a school safety planning committee. This committee shall be composed of the following members: (Education Code 32281)

1. The principal or designee
2. One teacher who is a representative of the recognized certificated employee organization
3. One parent/guardian whose child attends the school
4. One classified employee who is a representative of the recognized classified employee organization

***Note: Item #5 below may be modified to specify other groups or individuals who will be represented on the committee. For example, the committee might include representatives of social service agencies, other city or county agencies, health care and emergency service providers, community-based organizations, and/or students. ***

5. Other members, if desired

(cf. 1220 - Citizen Advisory Committees)

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

Before adopting its comprehensive safety plan, the school site council or school safety planning committee shall hold a public meeting at the school in order to allow members of the public the opportunity to express an opinion about the plan. (Education Code 32288)

The school site council or safety planning committee shall notify, in writing, the following persons and entities of the public meeting: (Education Code 32288)

1. The local mayor

2. A representative of the local school employee organization

3. A representative of each parent organization at the school, including the parent teacher association and parent teacher clubs

(cf. 1230 - School-Connected Organizations)

4. A representative of each teacher organization at the school

(cf. 4140/4240/4340 - Bargaining Units)

5. A representative of the school's student body government

6. All persons who have indicated that they want to be notified

In addition, the school site council or safety planning committee may notify, in writing, the following entities of the public meeting: (Education Code 32288)

1. Representatives of local religious organizations

2. Local civic leaders

3. Local business organizations

(cf. 1700 - Relations Between Private Industry and the Schools)

Content of the Safety Plan

Each comprehensive safety plan shall include an assessment of the current status of school crime committed on campus and at school-related functions. (Education Code 32282)

***Note: The following optional paragraph may be revised to reflect district practice. In assessing the current status of school crime as required by Education Code 32282, districts may contract with a consultant, work with local law enforcement, develop their own local assessment, and/or use available instruments such as the California Healthy Kids Survey or the Centers for Disease Control and Prevention's Youth Risk Behavior Survey. ***
