Save Lives and Bring Hope to Those Affected by Suicide

The American Foundation for Suicide Prevention (AFSP) is the leader in the fight against suicide. We fund research, create educational programs, advocate for public policy, and support survivors of suicide loss.

In support of this mission, AFSP engages in educational activities in our communities, provides educational and prevention tools to our schools, hosts events for those coping with suicide loss, and events like the Out of the Darkness Community Walks that raise the level of dialogue about suicide and mental health.

Suicide is a public health issue that does not discriminate across gender, ethnicity, age, or socio-economic lines. With an estimated one million attempts and more than 44,000 lives lost to suicide in the U.S. alone annually, we are all affected by this issue.

By sponsoring one of the San Francisco Bay Area Out of the Darkness Community Walks, you are helping fund vital research into suicide, develop and implement educational programs that save lives, and becoming a part of the movement to change how we address mental health.

2019 Sponsorship Opportunities:

Sponsors are an important part of the local Out of the Darkness Community Walks and are an excellent way for your organization to support the community, show your concern for local residents and demonstrate your support of mental health initiatives.
