ADMISSION CRITERIA

Every effort is made by the F&C Division to ensure that the most vulnerable and highest need children and families receive services. Priority is given to children and youth with Medi-Cal insurance and for those children identified with a serious emotional disturbance.

The greatest priority for services is given to youth who are:

- Seen in emergency rooms for psychiatric crisis;
- Presenting bizarre, assaultive or self-injurious behavior;
- Those who are at risk of or have been placed in out-of-home care.
- Ethnic youth experiencing severe adjustment at home or school due to stresses of acculturation;
