

TRANSFORMING THE SYSTEM

Join Us to Create a Client-Driven Mental Health System

In this group we:

- ◆ Discuss how mental health policy issues affect consumer/clients.
- ◆ Learn how to influence decisions about our mental health care.
- ◆ Prepare to effectively speak up for what we need.
- ◆ Practice strategies to persuade decision-makers.
- ◆ Become powerful mental health advocates!

We are a small work group of
consumer advocates.

Please call (408) 792-2140 or speak with
Lorraine at Zephyr
to discuss joining this group.
