

STEPS TO MINIMIZE RISK OF COVID-19

In response to Public Health direction, we:

Screen employees daily for fever, cough, and shortness of breath.

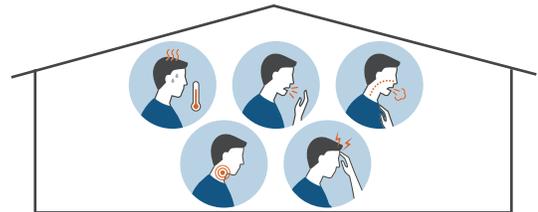

Require employees to wear face coverings at all times during work shifts.

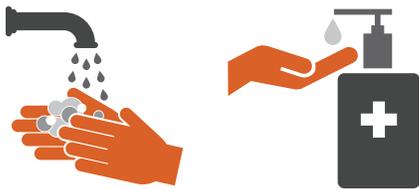

Allow high risk employees to stay home (people over 60, pregnant people, medical conditions).

Send sick employees home.

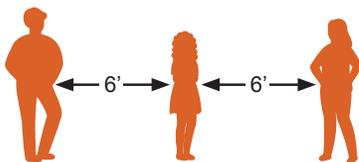

Make hand washing and hand sanitizer available.

Clean and sanitize surfaces frequently.

Limit the number of people entering our facility/store to maintain 6-feet of distance from others.

Limit goods selling out quickly per person to reduce crowds and lines.

 Ask employees to read this information sheet.

Posting this sign does not replace the County requirement to post your full social distancing protocol.
