

Know Your COVID-19 Risk

Carpooling

→ Wearing face masks

→ Maximizing the distance as much as possible between the driver and passenger
Limiting to 2 adults in the car at a time

→ Leaving windows open if weather permits

Best Practices

→ Removing or lowering face mask occasionally

→ Maintaining some distance between the driver and passenger

→ Leaving windows shut

High Risk

→ Not wearing face masks

→ Minimal distance between passenger and driver
More than 2 adults from different households in the car at a time

→ Leaving windows shut

Very High Risk (and prohibited)
