

Know Your COVID-19 Risk

Public Transit

- Wear a face mask properly
- Keep 6 feet apart from others
- Roll down windows (when possible)
- Wash your hands before and after your ride

Best Practices

- Attending outdoor service while wearing a face covering, staying more than six feet apart from others, and without singing or shouting
- Having unnecessary conversations with others

Moderate Risk

- Not wearing a face mask
- Removing face masks to talk with passengers
- Closing windows and reducing ventilation
- Eating or drinking when on the bus or light rail
- Keeping less than 6 feet from others

High Risk
