Dear Friends,

Some of the indoor businesses that were allowed to open this week under a state approved County health order, including nail and hair salons, fitness centers and gyms, will need to close by 12:01 a.m. on Wednesday, July 15, under state law.

On Monday, Governor Gavin Newsom announced that indoor business operations statewide would need to close, and that the 30 plus counties on a [State Monitoring List](#), including Santa Clara County, would need to close some indoor operations. Therefore, even though Santa Clara County's local orders and ordinance are not changing, state law supersedes local law at this time.

The businesses that must close include: Indoor fitness centers, places of worship, indoor protests, offices for non-critical infrastructure sectors, personal care services, hair salons, barbershops and malls. They are to remain closed until the State issues another order.

| Industry Closed for Indoor Operations | Date of Closure |
|---|--|
| Restaurants | Closed statewide effective July 13 th |
| Wineries and tasting rooms | Closed statewide effective July 13 th |
| Movie theaters | Closed statewide effective July 13 th |
| Cardrooms | Closed statewide effective July 13 th |
| Family entertainment centers | Closed statewide effective July 13 th |
| Zoos and museums | Closed statewide effective July 13 th |
| Bars, breweries, and pubs (indoor <u>and</u> outdoor) | Closed statewide effective July 13 th |
| Worship services | Closed in Santa Clara County effective July 15 th |
| Protests | Closed in Santa Clara County effective July 15 th |
| Fitness centers | Closed in Santa Clara County effective July 15 th |
| Offices in nonessential sectors | Closed in Santa Clara County effective July 15 th |
| Personal care services, e.g. nail salons, body waxing, tattoo parlors | Closed in Santa Clara County effective July 15 th |
| Hair salons and barbershops | Closed in Santa Clara County effective July 15 th |
| Shopping malls | Closed in Santa Clara County effective July 15 th |

Activities that the state has allowed to remain open include outdoor dining, outdoor religious services, construction projects and non-contact recreation activities and other allowances of the order that went into effect on July 13. There are [new directives](#) for these outdoor activities from the County Health Department.

The number of cases has been growing in the County, Bay Area, State and across the

country. In two days, the County recorded 574 new cases, and those hospitalized has grown from 85 a week ago to 129 as of Monday. A month ago, there were 59 people in hospitals with COVID-19. The County Hospital Dashboard shows there are many hospital beds available for now, but the numbers are concerning to health officials.

We will get through this together and I am grateful beyond measure to all of you who have sacrificed so much to slow the spread of the virus. So, please keep physical distancing, wear face coverings, avoid large gatherings, wash your hands frequently and take care of yourselves and your families.
