### Overall Comments:

Upon follow-up inspection, found NO presence of LIVE cockroach. Found DEAD cockroaches in the following areas: under sinks, under refrigeration, in the ice machine, under shelving units throughout the facility. Per operator, facility received pest control services in September, however no documentation was provided for that month. Facility received pest control treatment from Polaris Pest Elimination on 10/8/19 and 10/21/19 will continue to have approved pest control services every 2 weeks until further evaluation. Facility is hereby re-open and okay to operate.

**Note:** A routine inspection shall be conducted within 2 weeks. Ensure all refrigeration units maintain all PHFs cold held at or below 41°F or hot held at or above 135°F, hot water shall be provided with a minimum of 120°F for all sinks with the exception of hand wash sink to be held between 100°F - 108°F, facility shall be free of vermin and hand wash station shall be stocked with soap and paper towels.

** ***Permit Condition:** Permit approved contingent upon installation of a mop sink. Facility shall submit plans within 30 days.*** Failure to comply will lead to further enforcement.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than 11/5/2019. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
