K01 - 3 Points - Inadequate demonstration of knowledge; food manager certification

Compliance of this violation has been verified on: 10/25/2019

Measured Observations

N/A

Overall Comments:

In the previous routine inspection, walk-in refrigerator was observed leaking from the motor near the fan guards, and water was collected on a bucket. In addition, walk-in floor was observed rusted due to water overflowing and splashing outside the bucket.

Today in the follow-up inspection, walk-in refrigerator is in good repair (no leaking was observed), and floor is resurface/smooth and easy cleanable. Violation 35 in compliance.

Employees food handler cards still not in compliance.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than 11/26/2019. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
