APPLICATION FOR CONDITIONAL EXEMPTION FROM COUNTY OF SANTA CLARA PRIVATE CONTRACTOR DEBRIS REMOVAL PROGRAM

WHO IS ELIGIBLE FOR AN EXEMPTION?

Property owners may apply for a conditional exemption from the County's Private Contractor Debris Removal Program if the debris on a parcel is limited to fences, non-structural wood material, and non-residential structures less than 120 square feet that did not contain hazardous substances such as paint, fuels, oils, pesticides, herbicides, propane, or asbestos. Additional exemptions may be granted on a case by case basis for non-residential structures greater than 120 square feet that did not contain any hazardous materials and pose a minimal risk to human health and the environment. No work plan is required if an exemption is issued. A verification inspection by the County Department of Environmental Health (DEH) may be required to confirm site conditions after receipt of the application and prior to DEH's approval of an exemption. Property owners will not be reimbursed with public funds for any portion of remediation or debris removal work conducted pursuant to an approved exemption.

PROPERTY INFORMATION

Property Address: _____

Assessor's Parcel Number (APN): _____

Property Owner Name(s): _____

Phone(s): _____ Email: _____

Mailing Address: _____

Mailing City / State / Zip: _____

Provide a description of the fire debris being removed. Include the number and square footage of structures, and their primary contents. Identify the different types of waste, or waste streams, the debris removal is expected to generate (e.g. ash/debris/soil, metals, concrete/masonry).

PROPERTY OWNER CERTIFICATION

I have reviewed the document **Requirements for Conditional Exemption from County of Santa Clara County Private Contractor Debris Removal Program** and agree to abide by the requirements therein. I certify that the burn debris on my parcel is limited to fences, non-structural wood material, and the non-residential structures described above. Further, I certify that none of the burned structures contained paint, fuels, oils, pesticides, herbicides, propane, asbestos or other hazardous substances.
