Minor Reclamation Plan Amendment**

DISCUSSION

On January 4, 2019, the applicant provided staff with a revised Reclamation Plan map. On January 7, 2019, staff sent the revised map to the California Division of Mine Reclamation (DMR) for review. DMR informed staff that the plans needed to be stamped by the applicant's engineer. Staff received stamped plans on January 10, 2019. Separately, staff concluded that, pursuant to Public Resources Code § 2772.1 (b)(6)(A), the County is required to give DMR at least 30 days' notice of the time, place, and date of the hearing at which the reclamation plan or reclamation plan amendment is scheduled to be approved by the County. As such, staff is recommending that the application be continued to a special hearing date on February 11, 2019. The applicant agreed to the postponement of the hearing in order to allow for the 30 days' notice to DMR.
