

memorandum

TO	Bob Sturdivant	FROM	Bob Menifee
SUBJECT	Planning		Deputy County Counsel
	KAISER ALUMINUM	DATE	June 5, 1980

We are in receipt of a letter from Tom O'Donnell, copy attached, inquiring as to the current status of the Kaiser Aluminum property. He has outlined the history of the use of the property according to Kaiser's records and I would appreciate your assistance in determining the history of the property according to county records. In particular, I need to know the zoning history, the uses of the property, and the history of any permits or applications for permits on the property.

I would appreciate any information you can retrieve prior to June 23, 1980.
