

CHAPTER 3

Agencies, Organizations and Individuals Commenting on the Draft EIR and Recirculated Portions of Draft EIR

This Response to Comments document provides written responses to comments received on the Draft EIR during its public review period (October 6, 2017 through February 2, 2018) and on the Recirculated Portions of Draft EIR during its public review period (June 12 through July 26, 2018), including all written comments submitted either by letter or email, and all oral comments presented at the public meetings for those documents.

This chapter lists all agencies, organizations, and individuals (“persons”) who submitted comments on the Draft EIR in Section 3.1, and lists all persons who submitted comments on the Recirculated Portions of Draft EIR in Section 3.2. Persons who submitted written comments are grouped according to whether they represent a public agency, organization, or an individual citizen, as well as persons who provided oral comments at the public meetings.

For each commenter on the Draft EIR and Recirculated Portions of Draft EIR, the person’s name, agency or organization as applicable, comment format, comment date, and a commenter code are provided. The commenter codes were assigned to facilitate the preparation of responses, and there is a unique commenter code for each comment letter, email, comment card, and public meeting transcript based on the name of the agency, organization, or individual submitting the comment. Comments submitted by mail, email, comment card, or orally at the public meetings (as transcribed in the official public meeting transcript) are all coded and numbered the same way.

The commenter code for comments on the Draft EIR begins with a prefix indicating whether the commenter represents a public agency (A), an organization (O), an individual (I), or a speaker at the public meetings (PM). This is followed by a hyphen and the acronym of the agency or organization, or the individual’s last name. Within each category, commenters are listed in alphabetical order by code.

The commenter code for comments on the Recirculated Portions of Draft EIR begins with a prefix indicating whether the commenter represents a public agency (RA), an organization (RO), an individual (RI), or a speaker at the public meetings (RPM). This is followed by a hyphen and the acronym of the agency or organization, or the individual’s last name. Within each category, commenters are listed in alphabetical order by code.

The commenter codes are used to identify individual comments on separate topics within each comment letter, email, comment card, or public meeting transcript. Each individual comment

from each commenter are bracketed and numbered sequentially following the commenter code. The bracketed comments and corresponding comment codes are shown in the margins of the comments. There is a unique comment code for each distinct comment.
