Equal Opportunity Department—Conflict Resolution Services

Supporting the development of healthy conflict resolution practices on individual, interpersonal and organizational levels for all County staff.

Contributing to a harmonious work environment where we can be happier, healthier and more productive within our roles and as a team.

We Offer:

- Training on conflict prevention and intervention, implicit bias and cross-cultural relations, as well as related topics
- Coaching for staff experiencing conflicts at work
- Consultation for managers to assess how policies and procedures may contribute to conflicts and adapt them to facilitate healthy conflict resolution
- Healing circles for those who are experiencing or have been through conflicts on the job that are affecting their work
