JOB DESCRIPTION
Did you sit for your BCBA exam? Waiting for your results? Don't wait, start now with a career path to leadership in the ABA field!

There is work to do and then there is your life's work; the kind of work that drives you to get up each day and that you would never compromise on. The kind of work that creates a chain reaction for good, beginning with your clients and directly making a difference for their families and communities.

This has been ACES life's work for the past 20 years and today we want you to join us in elevating the quality of life for those impacted by autism.

Position Title: Clinical Supervisor
Locations: San Jose and surrounding areas
Position Type: Full-Time
Compensation: Competitive salary, with potential to earn monthly bonuses of $1500+

What You'll Do
• Design, develop and implement a wide range of ABA programs for individuals with autism and other developmental disabilities
• Collaborate with families and other professionals to tailor ABA programs to specific client needs
• Supervise direct care staff (i.e. behavior therapists) and travel between regionalized clients
• Evaluate and update client progress reports via industry-leading data collection software
• Participating in organizational improvements using OBM

3 TO 5 KEY SKILL SETS REQUIRED
What We're Looking For
• Board Certified Behavioral Analyst (BCBA), LCSW, or Lic. Psychologist in good standing
• Interviewing MA level candidates who have recently sat for the BCBA exam or sitting in the next 6 months
• Experience in ABA, behavior management, and supervising preferred
• Proven experience developing and implementing client programs (preferably in the ABA industry)
• Enthusiastic leaders who enjoy training, managing and supporting entry-level direct care staff

What You'll Love
• Competitive salaries, with potential to earn monthly bonuses of $1500 or more
• Opportunities for relocation assistance, student loan reimbursement and sign-on bonus for qualified applicants
• Medical, Dental, Vision, Life Insurance and 401k
• Paid time off, paid sick time and paid holidays
• Professional development opportunities, including company-paid in-house CEUs and individualized
leadership opportunities

• Company iPad (with industry-leading data collection software) and phone
• Flexible, uplifting and supportive work environment, including company-sponsored social events
• You will also be thrilled to be part of our organizational culture, driven by our cutting edge use of Organizational Behavior Management (OBM) to foster a positive work culture for our employees
