RETIREMENT FINANCIAL READINESS – INCOME PLANNING WORKSHEET

This is a worksheet that will allow you to estimate your income when you retire from the County. Three possible income sources are included: CalPERS, ICMA Deferred Compensation and Social Security. You will be asked for specific information such as retirement date, age or disbursement options. You may not know the exact answers to these questions yet. Fill them out as best you can with the understanding that these are only “ballpark” estimates and can change depending upon many factors. You are not guaranteed these amounts – this is a planning exercise only.
