2016 Breaking News from
ASI Project Rebound
Expansion in the CSU System

After long hours of fighting and advocating for growth and support for higher education as a vehicle for formerly incarcerated individuals to successfully reintegrate back into society, the time has come for expansion. Based on the long-term struggle of folks that have used education as a means to do good things and help others to do the same, we are announcing the expansion of service locations for ASI Project Rebound. 2016 is the year that Rebound moves beyond the confines of SFSU and onto 7 other CSU campuses. With the help of a new team of professionals we will support students at CSU Fullerton, Fresno, San Diego, San Bernardino, Sacramento, Pomona, and Bakersfield.

If you are aware of serious students who want to obtain a four year degree and are paroling to any of these areas please contact the regional team at:
