scLearn can help you earn continuing education units (CEUs) and professional development units (PDUs) that recognize time and effort spent in sharpening professional skills. You can earn CEUs for the California Board of Registered Nursing (BRN) and PDUs for The Project Management Institute (PMI) by completing web-based training courses available in scLearn. *

Each organization has their own process for learners to submit certificate of completion on related course equivalents for their programs. Some vendors will accept regular completion diplomas from scLearn, others need a more formal certificate provided. If you need to show additional proof of course completion our Skillsoft vendor can help, just contact Skillsoft for a Certificate Request Form.

All the information on how to submit certificates for credit can be found on the organization page. Click the logo or use the hyperlinks to access the pages.

THE CALIFORNIA BOARD OF REGISTERED NURSING (BRN)

The California Board of Registered Nursing (BRN) is a state governmental agency established by law to protect the public by regulating the practice of registered nurses. The BRN is responsible for implementation and enforcement of the Nursing Practice Act: the laws related to nursing education, licensure, practice, and discipline. The Nursing Practice Act created a nine-member board which serves as the BRN decision-making body. Skillsoft (which can be accessed through scLearn) is an approved licensed Continuing Education Provider in the State of California. Through this honor, Skillsoft has been recognized as a provider of continuing education courses to assist California Registered Nurses in their ongoing professional development. Skillsoft’s CEP number is 13334.
