Native American Heritage Commission  
915 Capitol Mall, Room 364  
Sacramento, CA 95814

RE: Request for Review of Sacred Lands Inventory
Hacienda and Deep Gulch Restoration Plan,  
Almaden Quicksilver County Park, Santa Clara County

Dear Mr. Meyers,

Please let this letter stand as our request for the Native American Heritage Commission (NAHC) to conduct a review of the NAHC Sacred Lands Inventory to determine if any listed properties are present within or adjacent to the above proposed project area (see enclosed USGS map).

The proposed project consists of the removal of three calcine dumps and vegetation restoration within the former New Almaden Mining District known as Deep Gulch, Lower Hacienda, and Upper Hacienda. Calcines or "roasted ore materials" result from the heating of cinnabar to extract mercury. This project will involve transport and consolidation of some of the calcine at a secondary location with the objective of mitigating water pollution.

Information from the NAHC Sacred Lands to be reviewed by the Santa Clara County Department of Parks of Recreation.

If I can provide any further information, please don't hesitate to contact me (510 430-8441 or Basinres1@gmail.com). Thank you for your timely review of our request.

Sincerely yours,

[Signature]

Re: Proposed Hacienda and Deep Gulch Restoration Plan & Almaden Quicksilver Country Park, Santa Clara County

Dear Mr. Busby:

A record search of the sacred land file has failed to indicate the presence of Native American cultural resources in the immediate project area. The absence of specific site information in the sacred lands file does not indicate the absence of cultural resources in any project area. Other sources of cultural resources should also be contacted for information regarding known and recorded sites.

Enclosed is a list of Native Americans individuals/organizations who may have knowledge of cultural resources in the project area. The Commission makes no recommendation or preference of a single individual, or group over another. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. I suggest you contact all of those indicated, if they cannot supply information, they might recommend others with specific knowledge. By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe or group. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from any of these individuals or groups, please notify me. With your assistance we are able to assure that our lists contain current information. If you have any questions or need additional information, please contact me at (916) 653-4038.

Sincerely,

Debbie Piles-Treadway
Environmental Specialist III

8/28/09  Letter to Mr. Larry Meyers, Executive Secretary, Native American Heritage Commission (NAHC), Sacramento. Regarding: Request for Review of Sacred Lands Inventory for project.

9/1/09  Letter response by Debbie Pilas-Treadway, NAHC

9/2/09  Letters sent to all parties recommended by NAHC

Letters to Jakki Kehl, Patterson; Valentin Lopez, Amah/Mutsun Tribal Band, Sacramento; Edward Ketchum, Amah/Mutsun Tribal Band, Davis; Irene Zwierlein, Amah/Mutsun Tribal Band, Woodside; Jean-Marie Feyling Amah/Mutsun Tribal Band, Redding; Ann Marie Sayers, Chairperson, Indian Canyon Mutsun Band of Costanoan, Hollister; Rosemary Cambra, Chairperson, Muwekma Ohlone Indian Tribe of the SF Bay Area, Milpitas; Andrew Galvan, The Ohlone Indian Tribe, Fremont; and Ramona Garibay, Representative, Trina Marine Ruano Family, Lathrop.

10/21/09  Telephone calls made by Basin Research Associates (Christopher Canzonieri, M.A.) in the afternoon to non-responding parties.

Jakki Kehl – left message at 1:41 PM.

Valentin Lopez – left message at 1:07 PM.

Edward Ketchum – emailed at 1:31 PM. Responded that perhaps descendants of Tamyen people could tell you more.

Irene Zwierlein – Spoke with Mrs. Zwierlein at 1:11 PM she has no concerns.

Jean-Marie Feyling – Spoke with Mrs. Feyling on 9/11/09 at 1:49 PM regarding the project. Mrs. Feyling noted that her mother had once spoke of cave(s) in the area that Native American would have mined for cinnabar. Mrs. Feyling would like to be notified about the survey results if any prehistoric cultural material is observed.

Ann Marie Sayers – left message at 1:13 PM.

Rosemary Cambra – no answer, unable to leave message (1:14 PM).

Andrew Galvan – Spoke with Mr. Galvan at 1:20 PM; if something is encountered the proper measures should be implemented (i.e., contact County Coroner and Native American Heritage Commission if Native American remains are exposed and follow recommendations).

Ramona Garibay – No concerns (1:15 PM).
I, the undersigned, have been granted access to historical resources information on file at the Northwest Information Center (NWIC) of the California Historical Resources Information System.

I understand that any CHRIS Confidential Information I receive shall not be disclosed to individuals who do not qualify for access to such information, as specified in Section III (A-E) of the CHRIS Information Center Rules of Operation Manual, or in publicly distributed documents without written consent of the Information Center Coordinator.

I agree to submit historical Resource Records and Reports based in part on the CHRIS information released under this Access Agreement to the Information Center within sixty (60) calendar days of completion.

I agree to pay for CHRIS services provided under this Access Agreement within sixty (60) calendar days of receipt of billing.

I understand that failure to comply with this Access Agreement shall be grounds for denial of access to CHRIS Information.

floor at ground level. The walls are thick masonry construction of local serpentine rock and primitive lime mortar. Appears to have been built in early 1840s. The added second story walls are brick and seem to be about 1880. County owned.

4. Orvis Stevens House and smaller original House, East Emado Lane, Coyote--The small original house is older than 1867 when Orvis Stevens bought the land. The main house was built in 1882. It is a large two story frame house with 15 rooms.

5. Coyote Ranch, South of Metcalf Road, Coyote--This two story frame house was built about 1873. It has a porch that goes halfway around the house on the ground floor; has lovely wood in interior and a beautiful fireplace. Land was originally owned by William Fisher. Captain Fremont wintered here in 1846. He stayed until the middle of February using the time to purchase horses, obtain supplies and thoroughly refit his party. (This was shortly before the Mexican War). The house was built by Ficaro Fisher, son of William.

6. Tom Sugishita House, I driveway south of Emado Lane, Coyote--This small frame house now covered with imitation brick and with an addition on the south, was built in 1863. It is said to be the oldest remaining house in Coyote. Square nails and redwood lumber were used in its construction.

NEW ALMADEN *

1. Pfeiffer House, Graystone Lane, Almaden--Jacob Pfeiffer brought his family to the area in 1875. He went to work in “Goodrich’s Freestone Quarry” and soon took it over, leasing it until his death in 1905. He and his sons mined the gray stone, cutting it by hand, and hauling it by wagon and later by rail all over California. Agnews State Hospital, Stanford University, San Jose Art Museum, Knox-Goodrich Building, and Santa Clara County's Old Hall of Records were built of stone from this quarry.

2. Hacienda Hotel, 21747 Bertram Road, Almaden--Almaden Quicksilver Mining Company originally owned the hotel and used it for unmarried mine employees. Later it was converted into a small hotel to accommodate visitors to the mining settlement. Standing vacant for many years, it has been remodeled into a restaurant. The original hotel burned down; new building constructed by the mining company in the 1870's.

3. Casa Grande, Almaden Road, New Almaden--This building was built in 1854 as a residence for managers of New Almaden Quicksilver Mine. It was used for this purpose until the 1920's. Among its occupants was the Director General Henry W. Halleck.

Casa Grande, New Almaden
New Almaden Quicksilver Mine, New Almaden—This mine was first worked in 1824. Between 1850 and 1917 it produced $52,299,517 worth of mercury. It was named after the Almaden Mine in Spain. Now it is the property of Santa Clara County called Almaden-Quicksilver County Park. From 1950-75 it has been a limited operation.

St. Anthony's Church, Bertram Road, New Almaden at Almaden Road—Built in 1900, the church has brown shingles, lancet windows and a gable-roof facade.

Wells Fargo Office—Now New Almaden Museum, Almaden Road, New Almaden—This building that was built in the 1850’s is now the property of Mrs. Constance Perham. It contains relics from nearby quicksilver mine. (Reported to be the only private quicksilver museum in the country). It also contains Indian artifacts and plants used by California Indians. Adjacent to it is one of the few early brick houses, the Bulmore House. Bulmore was an early bookkeeper for the mining company. (Also known as the Carson-Perham Adobe).

1. Ralph Hyde House, 227 E. Alice Ave, Campbell—This white shingle, bungalow style house was built in 1917. It was constructed in the dry yard of the cannery.

2. John Henry Campbell House, 91 South Second, Campbell—This is the original home built by John Henry Campbell in the 1880’s. It was the son of Benjamin Campbell, founder of the town of Campbell. The two palm trees in front were planted by the Campbells. This white redwood structure has been completely restored.

3. Original Ainsley House, 112 N. Second, Campbell—This 3,800 square foot house was the original home of John Ainsley, and was first located on the property of the cannery he owned at Harrison Ave by the railroad. In 1912 the home was moved in 3 parts to its present site.

4. Farley Building, 365 E. Campbell, Campbell—This brick building was constructed in 1894. It was originally the Bank of Campbell incorporated in 1896. It was a bank for 10 years, and then became an office building.
