QUESTIONS and COMMENT FORM
Community Workshop #2

1. All of the park entrance options will have some level of neighborhood impacts; however, we would appreciate understanding what your preferred option would be and your perspective on the preferred option. The selection of the preferred entrance option will also be contingent on the traffic analysis findings for the Park.

Which vehicular entrance best serves the function of the Park and impacts neighborhoods the least (please check one).

   _ Chynoweth Avenue
   _ Snell Avenue
   _ Branham Lane

Please explain why you think your preferred option for the park’s vehicular entrance is a good idea.

2. Should the Park include other ancillary recreational uses (like a dog park, equestrian uses) in addition to agricultural areas and programs (please check one).

   _ Yes
   _ No
