On December 15, 2009 the Board of Supervisors took final action on the Santa Teresa County Park Historic Area Site Plan Project and Final Initial Study/Mitigated Negative Declaration (IS/MND) (Agenda Item #87). At the meeting, the Board of Supervisors adopted a Resolution for the Mitigated Negative Declaration based on the findings that the Final MND was prepared in accordance with all legal requirements of the California Environmental Quality Act (CEQA), that the Board has considered the MND and all comments received during the comment period; and, that there is no substantial evidence in the record that the project, as mitigated, will have a significant impact on the environment. The Board also adopted the Mitigation Monitoring and Reporting Plan (MMRP) and approved the project. The Board identified the Clerk of the Board and the Department of Parks and Recreation as the custodian of the administrative record upon which the decision is based.

After the Board’s adoption of the Final IS/MND, a Notice of Determination (NOD) was filed with the County Clerk-Recorder’s office. A copy of the recorded NOD was sent to the State Clearing House and is attached with this notice. Copies of the NOD and background environmental review documentation for the Santa Teresa County Park Historic Area Site Plan Project are posted on the Parks and Recreation Department’s website, www.parkhere.org. In addition, these documents are available for public viewing at the Parks and Recreation Department’s Administration Building, 298 Garden Hill Drive, Los Gatos, CA 95032, and the County Office of the Clerk of the Board, 70 West Hedding, East Wing, 10th Floor, San Jose, CA 95110, during normal business hours.
