- Sample Ballot
- District Look Up
- Vote By Mail Tracking
- Location of assigned polling place (with driving directions)

“Voting is vitally important, and one way to enhance the voting experience is through the use of innovative and effective technology”, said Barry Garner, Registrar of Voters. “We’re in Silicon Valley, a leader in innovation, so it’s fitting that we look at new and efficient ways of delivering service. One of those ways is to move from a paper-based system to a paperless system. Voters should have non-partisan, essential voting information in the palm of their hand, at their fingertips,” continued Garner.
