

Vote Center and Ballot Dropoff Location Selection Criteria Survey

Santa Clara County Registrar of Voters' Office would like to get your input in vote center and ballot dropoff location selection.

Please rate the following factors by their importance to you, 1 as less important, and 5 as very important:

Criteria	1 Less Important	2 →	3 Important	4 →	5 Very Important
Proximity to public transportation					
Proximity to low vote by mail usage communities					
Proximity to population centers					
Proximity to language minority communities					
Proximity to voters with disabilities					
Proximity to low rates of vehicle ownership communities					
Proximity to low-income communities					
Proximity to low voter registration rate communities					
Proximity to geographically isolated populations, including Native American reservations					
Accessible and free parking					
Distance and time to travel to vote center and ballot dropoff locations					
The need for alternate methods for voters with disabilities for whom vote by mail ballots are not accessible					
Traffic patterns near vote center and ballot dropoff locations					
The need for mobile vote centers
