I. Introduction

MED-Project LLC (“MED-Project”), on behalf of the participating companies as identified in [Appendix A](#) submits this Product Stewardship Plan (“Plan”) for Consumer-Generated Sharps Waste in compliance with the County of Santa Clara Safe Sharps Disposal Ordinance, County of Santa Clara Ordinance Code Division B11, Chapter XXI (“Ordinance”) and the County of Santa Clara Safe Sharps Disposal Regulations (“Regulations”). The Ordinance requires Producers¹ to develop a Product Stewardship Program to finance and manage the collection, transportation, and disposal of Consumer-Generated Sharps Waste from Santa Clara County households.

The costs of implementing the Program will be allocated in a fair and reasonable manner, such that the portion of costs paid by each Producer is reasonably related to the amount of Sharps and Sharps-Administered Medications that a Producer sells or distributes in the County.

II. Contact Information

The primary contact person for MED-Project is:

Dr. Victoria Travis, PharmD, MS, MBA
National Program Director
MED-Project LLC
1800 M Street NW, Suite 400 S
Washington, DC 20036
Phone: 1 (844) 677-6532
Fax: 1 (510) 686-8837
santaclaracountysharps@med-project.org

III. Plan Definitions

Call Center is the MED-Project call center for Residents, which can be reached by callers at the toll-free number of 1-844-MED-PROJECT or 1-844-633-7765.

County means the County of Santa Clara, California.

DOT is the U.S. Department of Transportation.

FDA is the U.S. Food and Drug Administration.

Help Desk is the MED-Project call center and email-in database for Kiosk Drop-Off Sites that can be reached by callers at a toll-free number and/or by email at santaclaracountysharps@med-project.org.

Kiosk Drop-Off Site is a location hosting a MED-Project kiosk for the collection of Sharps.

Kiosk Drop-Off Site Host is the designated contact person or persons at the Kiosk Drop-Off Site.

Law Enforcement Agency or **LEA** is a federal, state, tribal, or local law enforcement office or agency.

Mail-Back Distribution Location is a site that is accessible to the public, such as a fire station or library, that provides MED-Project Mail-Back Packages to Residents.

Mail-Back Services is the provision of pre-paid, pre-addressed Sharps Containers, envelopes, or packages (“Mail-Back Packages”) for the collection and disposal of Sharps.

MED-Project Website is the Internet website located at www.med-project.org or www.medproject.org.

¹ All capitalized terms used but not otherwise defined herein shall have their respective meanings set forth in the Ordinance.

Plan or **Product Stewardship Plan** is the product stewardship plan presented in this submittal by MED-Project.

Program or **Product Stewardship Program** is the product stewardship program set forth in this Product Stewardship Plan.

Rapid Response is a response to a spill incident or other urgent event at a Kiosk Drop-Off Site requiring an urgent response. This does not include emergencies that pose an immediate threat to the environment or health. Kiosk Drop-Off Site Hosts will be directed to call 911 during emergencies that pose an immediate threat to the environment or health.

Rapid Responders are personnel trained to respond within a few hours to an event requiring a Rapid Response. Rapid Responders may be Service Technicians or special response vendors retained by Vendor.

Residents means human beings residing in the County. “Residents” does not include business generators of pharmaceutical waste, such as hospitals, clinics, doctor’s offices, veterinary clinics, pharmacies, or airport security and law enforcement drug seizures.

Service Convenience Goal means the requirements established in Ordinance § B11-566(b).

Service Technicians are personnel trained to service the Program Kiosks and/or Take-Back Events.

Sharps are defined in § IV of this Plan.

Sharps Container is an FDA-cleared sharps container to hold Sharps.

Specified Languages are English, Spanish, Vietnamese, Mandarin, Tagalog, Korean, Japanese, and Hindi.

Take-Back Event is a one-day event at a location accessible to the public, conducted by MED-Project, for the collection of Sharps from Residents.

Vendor is any vendor retained by MED-Project to carry out its obligations under the Program.

IV. Sharps

Section B11-561(t) of the Ordinance defines Sharps as “devices with a sharp point or edge that can cut or puncture the skin, including a needle, pen needle, syringe, lancet, auto-injector, infusion set, intravenous catheter, connection needle/set, or other device.” The Ordinance requires the collection of Consumer-Generated Sharps Waste, which means “Sharps that have been used by a Consumer outside a healthcare setting, such as in a home, at work, at school, in an establishment open to the public, or while travelling.” § B11-561(d). “Consumer” is defined as “any Person who uses Sharps outside a healthcare setting or any Person who assists another Person in using Sharps outside a healthcare setting in Santa Clara County. “Consumer” includes “any Person who uses Sharps to treat a pet or other animal outside a healthcare setting in Santa Clara County.” § B11-561(e).

V. Collection of Sharps

The Plan provides services to collect Sharps. The Program will accept Sharps regardless of who produced them unless excused from this requirement by the Director. The collection methods and applicable legal requirements are described below.

A. Sharps Collection Program Implementation

1. Sharps Collection Options

MED-Project will offer kiosks (see Appendix B) to eligible potential Kiosk Drop-Off Sites. Details are provided in § V.B.1. Mail-Back Services will be offered to Residents through the MED-Project Website and Call Center. Take-Back Events may be scheduled as necessary to satisfy the Service Convenience Goal.

2. Outreach

Per Ordinance § B11-562(e)(2)(A), MED-Project initially notified 959 sites, including licensed pharmacies, clinics, LEAs, and other potential Kiosk Drop-Off Sites in the County of the opportunity to participate as a Kiosk Drop-Off Site. MED-Project performs periodic outreach to these locations via calls, emails, and site visits with the goal of establishing Kiosk Drop-Off Sites distributed throughout the County. As part of this outreach, MED-Project asks if sites are interested in participating in the Program, whether the sites currently host a kiosk or provide other services for the disposal of Sharps, and if the sites would like more information regarding the Program. Of the locations contacted, 110 potential Kiosk Drop-Off Site Hosts have expressed interest in participating in the Program. The list of interested Kiosk Drop-Off Sites are identified in Appendix C.

MED-Project will perform outreach to potential Kiosk Drop-Off Sites that have not expressed interest in participating in the Program in order to establish a convenient network of Kiosk Drop-Off Sites geographically distributed throughout the County. These sites are listed in Appendix D. MED-Project will continue to perform outreach to potential Kiosk Drop-Off Sites until the long-term collection goal established in Section VI is met.

A map of the interested and potential Kiosk Drop-Off Site Host locations is below.

For each interested Kiosk Drop-Off Site, MED-Project will determine whether its addition to the Program will negatively impact the efficiency or scope of collection, or the safety or security of the Program. MED-Project will also evaluate whether the site will be able to comply with all applicable local, state, and federal laws, regulations, and other legal requirements. Once MED-Project has determined that a Kiosk Drop-Off Site Host is eligible to participate in the Program and the Kiosk Drop-Off Site Host agrees to abide by MED-Project's requirements, MED-Project will provide an agreement to the Kiosk Drop-Off Site Host. Once an agreement is executed with the Kiosk Drop-Off Site Host, MED-Project will accept the Kiosk Drop-Off Site into the Program.

3. Implementation

MED-Project will not begin collecting any Sharps until receiving notification of Plan approval from the Director. Upon approval, MED-Project will work with eligible Kiosk Drop-Off Site Hosts identified during outreach (*see* § V.A.2.) to obtain executed agreements to participate as Kiosk Drop-Off Sites.

Collection of Sharps via kiosks will begin at collection locations once agreements have been fully executed with each location and the collection locations are in compliance with all applicable local, state, and federal laws, regulations, and other legal requirements. MED-Project will work with Kiosk Drop-Off Site Hosts that have existing kiosks to transition to the Program, including the use of MED-Project's signage, kiosks, and Vendor for the handling, collection, transport, treatment, and disposal of Sharps.

4. Convenience

Per Ordinance § B11-545(b)(1), MED-Project will strive to establish at least one Kiosk Drop-Off Site for every 20,000 Residents, with a minimum of ten kiosks per supervisorial district. MED-Project will conduct one annual Take-Back Event for each missing Kiosk Drop-Off Site necessary to satisfy the Service Convenience Goal in supervisorial districts where a sufficient number of Kiosk Drop-Off Sites cannot be established. MED-Project will discontinue Take-Back Events as it obtains additional agreements with Kiosk Drop-Off Sites necessary to satisfy the Service Convenience Goal.

As required under Ordinance § B11-566(b)(6), the Program will include as a Kiosk Drop-Off Site any Retail Pharmacy or any LEA willing to serve voluntarily as a Kiosk Drop-Off Site and able to meet all applicable local, state, and federal laws, regulations, and other legal requirements.

All Kiosk Drop-Off Sites will provide Residents with access to kiosks during regular business hours.

Over the course of implementation, additional Kiosk Drop-Off Sites will be established to the extent that additional LEAs and/or Retail Pharmacies agree to participate.

Mail-Back Services will be available upon request to all Residents via the Call Center and MED-Project Website. Additionally, MED-Project will make available materials providing information about how to order a Mail-Back Package. *See* § X for more information about MED-Project's education and outreach.

B. Kiosk Drop-Off Sites

1. Kiosk Drop-Off Site Locations

MED-Project will contract with each eligible Kiosk Drop-Off Site location after the Plan has been approved by the Department. All Kiosk Drop-Off Sites participating in the Program must comply with MED-Project's requirements in addition to all local, state, and federal laws, regulations, and other legal requirements applicable to the Program and its operations. § B11-563(d). MED-Project will also consider other potential Kiosk Drop-Off Sites (*e.g.*, household hazardous waste facilities (HHWs), transfer stations, recycling facilities, public health clinics, and community centers) that are willing to serve as Kiosk Drop-Off Sites provided such sites would not have a negative impact on the efficiency or scope of collection, per Ordinance § B11-566(a), or pose a safety or security risk for the Program. All Kiosk Drop-Off Sites must also comply with MED-Project's requirements. MED-Project's requirements for Kiosk Drop-Off Sites include, for example, that Kiosk Drop-Off Site Hosts:

- Use MED-Project's Vendor(s);
- Use MED-Project kiosks;
- Place kiosks in a safe and secure location inside of a building at the Kiosk Drop-Off Site in an area that is accessible to the public and regularly monitored by employees and/or where an employee is present; and
- Post MED-Project kiosk signage with instructions regarding what items may be dropped off in the kiosk.

These requirements are critical to ensuring that Sharps are collected, handled, transported, treated, and disposed of in a manner that protects the health and safety of workers and the public in accordance with the underlying objectives of the Ordinance. Participation in the Program is contingent on complying with all applicable local, state, and federal laws, regulations, and other legal requirements, in addition to MED-Project's requirements.

Under the California Medical Waste Management Act, home-generated Sharps may only be managed at certain facilities, including "home-generated sharps consolidation points," and facilities through Mail-Back Services. Cal. Health & Safety Code § 118286(b). All Kiosk Drop-Off Site Hosts are required to comply with the California Medical Waste Management Act. *See* § XII.C.

Retail Pharmacies hosting their own Sharps kiosks may participate in the Program and become a Kiosk Drop-Off Site by agreeing to abide by MED-Project's requirements and executing an agreement with MED-Project. MED-Project will work with the Kiosk Drop-Off Site Host to transition to the Program, including the use of MED-Project's signage, kiosks, and Vendor for the handling, collection, transport, treatment, and disposal of Sharps.

2. Kiosk Drop-Off Site Kiosk Placement

Kiosk installation shall be the responsibility of MED-Project at Kiosk Drop-Off Sites once the Kiosk Drop-Off Site Host has an executed agreement with MED-Project and has identified a placement location for a MED-Project Sharps kiosk. All kiosks in the Program will be securely placed and maintained at Kiosk Drop-Off Sites inside a location that is accessible to the public to provide a secure collection point for Sharps. Kiosks will be placed inside the physical location in an area where an employee is present (*e.g.*, an area that is visible from the counter).

At a hospital or clinic with an on-site pharmacy, kiosks will be placed inside the physical location in an area regularly monitored by employees but not near areas of the facility where urgent or emergency care is provided.

MED-Project will not locate any kiosks behind the counter in a pharmacy. MED-Project also will not locate kiosks outside or in unmonitored locations for the following reasons:

- Increased risk that prohibited, noncompliant, or dangerous materials may be placed in the kiosk.
- Increased risk that prohibited or dangerous materials may be left nearby the kiosk and not managed properly.
- Risk that a kiosk located in an outdoor location without monitoring may be subject to tampering or physical damage.
- Risk that the signage and labeling may be damaged, obscured or covered over (*e.g.*, spray paint).
- Risk that the contents of the kiosk could be accessed by breaking into the kiosk or stealing the kiosk.

Additionally, the California Medical Waste Management Act requires interim medical waste storage to be locked or under direct supervision or surveillance. Cal. Health & Safety Code § 118307. While this requirement is not applicable to home-generated sharps consolidation points, the same safety concerns exist when home-generated sharps waste is collected at home-generated sharps consolidations points, such as Kiosk Drop-Off Sites. Therefore, MED-Project requires the placement of kiosks in a secure location at Kiosk Drop-Off Sites.

Costs associated with the placement and maintenance of kiosks will be covered by MED-Project per the contracts with the Kiosk Drop-Off Site Hosts.

3. Kiosk Specifications

A kiosk for the disposal of Sharps will be offered to Kiosk Drop-Off Sites. Kiosks will be specifically designed to receive Sharps in FDA-cleared Sharps Containers. Containers may have size restrictions to ensure that they can be safely deposited in the kiosks.

Kiosks may include:

- Disposable containers with secure, leak-proof closures;
- Handles that are reachable to individuals using wheelchairs;
- Lockable chute doors with anti-tamper protection;
- Tamper-resistant container closures;
- Fasteners to affix the kiosk to the wall, floor or another permanent surface;
- Sloped tops to prevent accumulation; and
- Heavy gauge steel.

4. Kiosk Collection

Vendor will provide a Service Technician to provide collection services at Kiosk Drop-Off Sites. Vendor will adjust pick-up frequency based on the volume and/or weight of materials collected. If applicable, Vendor will initially maintain the existing pick-up frequency at Kiosk Drop-Off Sites hosting a Sharps kiosk prior to participation in the Program and then adjust according to demand.

Vendor and Retail Pharmacies participating in the Program will keep all records required under all applicable local, state, and federal laws, regulations, and other legal requirements. As a part of the collection process, Vendor will:

- Track Sharps as they are collected, transported, treated, and disposed of;
- Record the weight of the collected Sharps; and
- Prepare and transport the materials for shipment and perform applicable functions to comply with DOT Hazardous Materials Regulations (“HMR”).

5. Procedures if a Kiosk is Full Prior to Scheduled Pick-Up

If a kiosk is full prior to scheduled pick-up, the Kiosk Drop-Off Site Host shall be instructed to lock the drop-slot and notify MED-Project. Vendor will provide a network of trained Service Technicians to service any Kiosk Drop-Off Sites requesting service. Vendor will direct service to the trained Service Technician who is in closest proximity to the Kiosk Drop-Off Site Host requesting the service. This process provides for a response in one to two business days to Kiosk Drop-Off Sites requiring service prior to the scheduled date, unless Vendor is unable to service the Kiosk Drop-Off Site within this timeframe due to circumstances beyond its control.

Service timelines will be assessed based on the specific characteristics of the Kiosk Drop-Off Site's need. If necessary, Vendor will be able to respond within hours of the request. If the request does not require an urgent response, Vendor will plan the response within two to three business days of the request. Vendor will not exceed one business week from the initial request.

6. Unplanned Event Preparedness

From time to time, an unplanned event may cause a Kiosk Drop-Off Site to require service outside of the normal service schedule. In these situations, the Kiosk Drop-Off Site Host will place a service request through the Help Desk.

A major event, such as a flood, earthquake, or fire, may jeopardize the security characteristics of the kiosk as well as the structural integrity of the Kiosk Drop-Off Site. Such events may require the involvement of law enforcement, fire, or other emergency service personnel. Once it is determined the area is safe for access, Vendor will dispatch Rapid Responders to secure the kiosk and remove its contents.

Vendor maintains a network of Rapid Responders that can be contacted in the case of a spill incident or other event requiring a Rapid Response. Vendor is able to respond within two to three hours in most cases when notified of a need for a Rapid Response. Rapid Responders will bring all necessary equipment to manage the specific needs of the Kiosk Drop-Off Site requiring a Rapid Response. Kiosk Drop-Off Site Hosts will be directed to call 911 in situations posing an immediate threat to the environment or health.

Along with major event preparedness, Vendor provides timely responses to events that may cause an inconvenience to the Kiosk Drop-Off Site. If the request does not require a Rapid Response, Vendor will typically respond within two to three business days of the event.

7. Disposal of Kiosk Contents

Vendor shall manage the disposal of Sharps from Kiosk Drop-Off Sites in compliance with all applicable local, state, and federal laws, regulations, and other legal requirements. Upon collection from a Kiosk Drop-Off Site, Vendor will transport Sharps to a medical waste incinerator for disposal (see § IX). Sharps waste will be tracked from collection through disposal via the unique identifier.

C. Mail-Back Services

MED-Project will offer Mail-Back Services for Sharps, free of charge, to Residents and persons providing caretaker services to Residents. Mail-Back Packages will be pre-paid and pre-addressed, and Mail-Back Services shall comply with all applicable local, state, and federal laws, regulations, and other legal requirements.

1. Mail-Back Package Specifications

MED-Project will offer Residents Mail-Back Packages via the Call Center and MED-Project Website. The pre-paid shipping label will direct Mail-Back Packages to the facility identified in § IX. An instruction sheet describing how to properly dispose of Sharps that explains what materials may be placed in a Sharps Container, how to use the Sharps Container and Mail-Back Package, and how to return the Mail-Back Package will be included with the Mail-Back Package. Each Mail-Back Package will be assigned a unique identifier that will be used to track the distribution, return shipment, and disposal of the Mail-Back Package.

See [Appendix E](#) for a sample Mail-Back Package, package specifications, and instruction sheet.

2. Mail-Back Package Availability

Residents may request Mail-Back Packages by contacting the Call Center or through the MED-Project Website. Persons providing caretaker services to Residents may also request Mail-Back Packages on behalf of a Resident.

MED-Project will make Mail-Back Packages available at fire stations, libraries, or other government buildings willing to serve voluntarily as a Mail-Back Distribution Location. MED-Project will strive to establish 10 Mail-Back Distribution Locations in each supervisorial district. MED-Project will consider accepting as a Mail-Back Distribution Location other potential sites such as community centers.

MED-Project will also supply requesting sites with informational cards in the Specified Languages that provide instructions for Residents to order Mail-Back Packages from the MED-Project Call Center and Website. The informational cards will be offered to Retail Pharmacies, LEAs, clinics, hospitals, fire stations, and library locations.

3. Mail-Back Package Collection, Treatment, and Disposal

Residents will be directed to follow the instructions provided in the Mail-Back Package and to place their Sharps in the pre-addressed/pre-paid package. Mail-Back Packages will be disposed via incineration at a medical waste incinerator. See the facility identified in § IX. Upon arriving at the disposal facility, the Mail-Back Packages shall be scanned for receipt verification before being destroyed.

D. Sharps Containers

MED-Project will provide the County's household hazardous waste program with a sufficient quantity of Sharps Containers to supply the needs of Residents. See [Appendix F](#) for a sample Sharps Container and container specifications.

E. Take-Back Events

MED-Project will schedule an annual Take-Back Event in each supervisorial district for each missing Kiosk Drop-Off Site necessary to satisfy the Service Convenience Goal in that supervisorial district. MED-Project will conduct these Take-Back Events until signed agreements have been obtained for the required number of Kiosk Drop-Off Sites in the supervisorial district.

MED-Project will confirm to the County the locations and dates to conduct Take-Back Events.

Due to the dynamic schedule of Take-Back Events, the list of dates and locations will be maintained on the MED-Project Website as events are scheduled and confirmed.

1. Method

The process of conducting Take-Back Events will meet all applicable local, state, and federal laws, regulations, and other legal requirements. Vendor will provide for the collection, transportation, and disposal of Sharps from Take-Back Events.

2. Procedures

Take-Back Events will typically be staffed by at least two Vendor employees. Vendor will work in coordination with MED-Project to ensure collection of all material at Take-Back Events is compliant with all applicable local, state, and federal laws, regulations, and other legal requirements and meets the expectations of the planned event. Vendor will work in conjunction with MED-Project to ensure all Sharps are placed in compliant collection receptacles and are securely transported in accordance with all applicable local, state, and federal laws, regulations, and other legal requirements applying to the collection and transportation of Sharps. MED-Project will make Sharps Containers available to Residents during Take-Back Events so they can safely transport and deposit Sharps for collection. The California Medical Waste Management Act requires that all home-generated sharps waste be transported in a Sharps Container or other approved container. *See* Cal. Health & Safety Code § 118286(b). Therefore, Sharps that are not appropriately contained in a Sharps Container or do not otherwise meet legal requirements will be rejected.

Events will be promoted and communicated to the public through local communication channels as outlined in [Appendix G](#) at least one month before the scheduled Take-Back Event.

3. Treatment and Disposal

Vendor shall manage the disposal of Sharps from Take-Back Events in compliance with all applicable local, state, and federal laws, regulations, and other legal requirements. Upon collection at a Take-Back Event, Vendor will transport the Sharps to a transfer facility with subsequent transport to a medical waste incineration facility for treatment and disposal (*see* § IX).

VI. Plan and Collection Goals

The short- and long-term goals of the Plan are described generally as follows. Additional detail on implementation is provided in § V.A.3.

MED-Project anticipates that, once Kiosk Drop-Off Sites are fully operational, the Program will collect approximately 360 pounds per Kiosk Drop-Off Site during each calendar year, based on collection totals in other jurisdictions. Assuming approximately 90 Kiosk Drop-Off Sites are operational for a full year, MED-Project anticipates collecting approximately 32,400 pounds from Kiosk Drop-Off Sites in 2019. *See* Section V.B for more information about Kiosk Drop-Off Site collection.

Goal Area	Short-Term	Long-Term
Collection	<p>Within 2 months of Plan approval, implement Mail-Back Services via the MED-Project Website and Call Center.</p> <p>Satisfy the Service Convenience Goal through established Kiosk Drop-Off Sites.</p>	<p>Increase retail chain pharmacy participation. Exceed the Service Convenience Goal through established Kiosk Drop-Off Sites with a target of 150 to 200 Kiosk Drop-Off Sites. Reduce the number of Take-Back Events.</p>
Education & Public Outreach	<p>Develop baseline number of MED-Project Website page views or unique visitors.</p> <p>Establish a baseline of LEAs; Retail Pharmacies; other pharmacies (healthcare, etc.); community groups; and other third parties contacted and report appropriate statistics as outlined in the Survey and Annual Report Sections of this Plan.</p> <p>Establish a baseline number of media outlets receiving public service announcement.</p>	<p>MED-Project may revise and/or add communications materials based on changes to the Plan.</p> <p>MED-Project will evaluate media and public outreach, collect feedback by survey, and receive County feedback to make adjustments and improvements to the Program, as needed. The survey will be conducted in accordance with requirements in the Ordinance. Results of the survey will be published on the MED-Project Website.</p>

VII. Patient Privacy

All MED-Project promotional and educational materials encourage residents to protect their personal information by ensuring that identifiable information is not present before depositing Sharps Containers into kiosks or Sharps into Mail-Back Packages. Examples of MED-Project brochures are available in [Appendix H](#).

Vendor has additional protections available for keeping personally identifiable information safe and secure. Service Technicians are trained to manage items containing sensitive patient information. Privacy training is part of a Service Technician’s prerequisite for field services. Containers in the kiosk will be opaque, and therefore, no personally identifiable information will be visible through the container. This will prevent anyone, including the Service Technician, from seeing any information on the Sharps Containers placed in the kiosks or turned in at Take-Back Events.

VIII. Call Center

MED-Project will operate a Call Center, and questions from Residents will be managed via the Call Center with the support of operators available that speak the Specified Languages. All operators are trained to respond based on the requirements set by MED-Project.

Operators may answer general questions, including questions on the following topics:

- Items that can be disposed of;
- Disposal options;
- Direction to the MED-Project Website for additional information; and
- Information about available Kiosk Drop-Off Sites, Mail-Back Services and Take-Back Events.

Per Ordinance § B11-568(a)(4), MED-Project will operate a Call Center jointly with other approved stewardship programs operating in the County, if any.

IX. Vendor, Carrier, and Disposal Facility Information

A. Vendors

Name	Address	Phone	Website	Penalties	Description
Sharps Solutions, LLC	3563 Investment Blvd, Suite 6 Hayward, CA 94545	(866) 409-1963	http://sharps-solutions.com/contact/	None	Services all Kiosk Drop-Off Sites and Take-Back Events and transports the Sharps to the Daniels Sharpsmart Hayward, CA transfer facility.
PureWay Compliance Inc	20501 Katy Freeway, Suite 206 Katy, TX 77450	(877) 765-3030	http://pureway.com/	None	Provides Mail-Back Services.

B. Carriers

Name	Address	Phone	Website	Type	Permits	Penalties	Description
Daniels Sharpsmart, Inc.	4144 East Therese Avenue Fresno, CA 93725	(559) 834-6252	http://danielsinternational.com/	Contract Carrier	U.S. DOT No.: 1295076, Status: Issued	See <u>Appendix I</u>	Receives Sharps from Kiosk Drop-Off Sites and Take-Back Events and transports the Sharps from Daniels Sharpsmart, Inc. Hayward, CA facility to the Daniels Sharpsmart Inc. Fresno, CA transfer facility.
Union Pacific Railroad Company d.b.a. Union Pacific	Union Pacific Railroad, 1400 Douglas Street Omaha, NE 68179	(888) 870-8777	www.up.com	Freight Rail Road Carrier	U.S. DOT number: 53433, Status: Issued	For enforcement history, see Union Pacific SEC filings .	Transports Sharps from Kiosk Drop-Off Sites and Take-Back Events from Daniels Sharpsmart Inc. Fresno, CA to Curtis Bay Energy, LP Baltimore, MD.
United States Postal Service	475 L'Enfant Plaza SW Washington, DC 20260	(202) 268-2000	www.USPS.com/	Common Carrier		For enforcement history, see USPS SEC filings .	Transports Mail-Back Packages to Curtis Bay Energy, LP.

C. Transfer Facilities

Name	Address	Phone	Website	Type	Permits	Penalties	Description
Daniels Sharpsmart Inc.	3670 Enterprise Avenue Hayward, CA 94545	(559) 834-6252	http://danielsinternational.com/	Transfer Station	Medical Waste Permit No.: TS-125; Status: Issued	See Appendix I	Receives Sharps from Sharps Solutions, LLC and transfers them to Daniels Sharpsmart, Inc. Fresno, CA facility.
Daniels Sharpsmart Inc.	4144 East Therese Avenue Fresno, CA 93725	(559) 834-6252	http://danielsinternational.com/	Medical Waste Treatment Facility	<ul style="list-style-type: none"> • Medical Waste Permit No.: TS-OST-55, Status: Issued • CA EPA ID No.: CAL000344393 ; Status: Issued 	See Appendix I	Receives Sharps from Daniels Sharpsmart Inc. Hayward, CA facility and transfers the Sharps to a Union Pacific Rail Road Company freight car for transport to Curtis Bay Energy, LP Baltimore, MD.

D. Disposal Facilities

Name	Address	Phone	Website	Type	Permits	Penalties	Description
Curtis Bay Energy, LP	3200 Hawkins Point Road Baltimore, MD 21226	(855) 228-1715	www.curtisbayenergy.com	Permitted Medical Waste Incinerator	<ul style="list-style-type: none"> • Title V Air Permit No. 24-510-02975, Status: Issued • Maryland Department of the Environment Refuse Disposal Permit No.: 2017-WMI-0036, Status: Issued • US EPA ID No. MDD98540431 8, Status: Issued 	See Appendix I	<ul style="list-style-type: none"> • Incinerates Sharps from Kiosk Drop-Off Sites and Take-Back Events received from the Daniels Sharpsmart Inc. Fresno, CA Facility via the Union Pacific Rail Road Company. • Incinerates Mail-Back Packages received from United States Postal Service.

X. Educational and Outreach Programming

A. Overview

The following communications plan includes a description of the public education and outreach efforts that MED-Project will undertake to educate Residents and providers about the collection and disposal of Sharps.

Pursuant to Regulations § 7.B, MED-Project will implement an outreach and education plan with the goal of achieving the required Combined Target Reach Percent of: 75% at a 3+ Frequency for the duration of one month at least three times per year over the first twelve months of Program operation, 50% at a 2+ Frequency for the duration of one month at least three times per year for each following year, and 75% at a 3+ Frequency for the duration of one month at least three times per year every fifth year of Program operation. MED-Project intends to meet these requirements with a combination of digital media campaigns, print ads, and traditional broadcast media. The quantity and frequency will be confirmed as activities are completed. For a detailed outreach and education plan, please *see* Appendix J.

As required by Ordinance § B11-568(4), MED-Project will seek to coordinate with other approved stewardship programs to develop a single system of promotion if other approved stewardship plans are operating in the County.

B. Audiences

To effectively educate the public about the Plan, MED-Project will develop a comprehensive communications campaign featuring both broad communications tactics as well as targeted outreach to audiences directly involved in the distribution of Sharps to Residents. These audiences may include:

- Residents;
- Pharmacists and retailers of Sharps and Sharps-Administered medications;
- Health care practitioners, including doctors, veterinarians, and other prescribers in hospitals, clinics, and veterinary hospitals;
- Veterinary providers and animal owners;
- Public health facilities; and/or
- LEAs.

The Program will include efforts to reach the varied cultural, linguistic, geographic, and age demographics, including through outreach to ethnic, community, and alternate-language media; (*see* Appendix K); outreach to community organizations serving a broad range of audiences (*see* Appendix G); availability of alternate language phone lines (*see* section X.D.1.); and availability of educational information through a broad range of channels, including a toll-free telephone line, broadcast media, and the internet.

C. Messages

MED-Project anticipates that messaging will:

- Educate Residents about the appropriate use, storage, and disposal of Sharps;
- Provide Residents with clear steps to properly manage the disposal of their Sharps;
- Educate Residents about Mail-Back Services available;
- Provide Residents with information about available Kiosk Drop-Off Sites in their area that offer disposal of Sharps; and,
- Inform Residents of any upcoming Take-Back Events.

Key points of emphasis might include:

- The importance of taking medicines as prescribed by your health care provider;
- The importance of adhering to and completing your provider-prescribed therapy;
- How to properly use the Mail-Back Services provided; and/or
- How to properly dispose of Sharps.

D. Tools/Communications Channels

The Program will include several components designed to reach Residents and provide consistent access to timely and relevant information. Distribution of materials will include audiences such as pharmacies, health care providers and systems, health associations, local government agencies, and other community organizations. MED-Project expects that the tools and communication channels will include:

1. Call Center

MED-Project will provide a Call Center for Residents to obtain information about Kiosk Drop-Off Sites and Mail-Back Services, educational materials, and other aspects of the Program for the take-back of Sharps from Residents. The Call Center will provide:

- Operator support in the Specified Languages.
- Information about how the Program works, where to obtain more information (*e.g.*, the MED-Project Website), where to find a Kiosk Drop-Off Site in the Resident's zip code or local area, and how to obtain information about Mail-Back Services and Take-Back Events.
- Information directing Residents with medical emergencies to call 911 and directing Residents with medication-related questions to contact their health care providers.
- Text telephone services for Residents who are hearing impaired.

Please *see* [Appendix L](#) for a sample call script.

2. MED-Project Website

MED-Project will develop a mobile-friendly MED-Project Website with translations available in the Specified Languages. MED-Project expects information available to users will include pages to help Residents find locations of Kiosk Drop-Off Sites and Take-Back Events, as well as educational materials, frequently asked questions and responses, and information regarding available Mail-Back Services. Upon Plan approval, MED-Project will combine the Unwanted Medicine and Sharps information to ensure Residents are fully aware of their disposal options for these materials.

The MED-Project Website will include access to a public relations toolkit in a downloadable format (*see* Section XI.D.3). A toolkit could include items such as a flyer/brochure and a frequently asked questions (FAQ) document. Community and government organizations and other public interest groups seeking materials to promote the Program will be encouraged to access these resources. Translations of the brochure and FAQ will be available in the Specified Languages.

[Appendix M](#) provides a proof of concept example for the MED-Project Website and includes sample web pages.

3. Materials

The Plan includes a sample of the informational brochure ([Appendix H](#)). Educational materials will use plain language and explanatory images to promote consumer education and collection options to Residents with limited English proficiency and will be translated into the Specified Languages.

MED-Project will annually notify apartment buildings with 50 or more units, workplaces with 100 or more employees, pharmacies, healthcare facilities, and veterinary facilities to the extent identified by local chambers of commerce regarding the availability of materials to educate Residents about the Program. Upon request, MED-Project will provide printed educational materials to these locations.

Educational materials about the Program and how to properly dispose of Sharps will be available through the MED-Project Website, through potential third-party partners, community organizations, at Kiosk Drop-Off Sites and Take-Back Events, and at the locations described above. Educational materials will also be distributed to HHW facilities and other agencies upon requested. MED-Project's approach will depend upon agreement and participation by third-party partners and community organizations.

4. Media Outreach

MED-Project expects that the Program will conduct public outreach through mediums such as traditional and social media, posting of educational signage, and at community events. Outreach efforts will encourage media outlets and third-party groups to download and use the toolkit. The following materials will support the Sharps educational and outreach programming:

- See [Appendix L](#) for a sample call script.
- See sample brochures in [Appendix H](#) and the sample MED-Project Website information included in [Appendix M](#).
- See [Appendix K](#) for a sample list of key media outlets.
- See [Appendix N](#) for a sample list of social media outlets.

E. Collaboration with County Officials and Community Organizations

The Program will work in collaboration with the County, as appropriate, to build on existing community outreach resources, such as local organizations, available public media outlets, etc.

The Program will perform the following activities:

- *Briefing Materials Provided to Support Coordination with County Officials:*
 - MED-Project will provide access to educational and outreach materials, including the brochure (see [Appendix H](#)), to relevant departments and officials.
- *Outreach through Community Organizations:*
 - MED-Project will engage relevant stakeholders and community organizations by providing selected community organizations identified in [Appendix G](#) with the toolkit included in [Appendix H](#).

F. Disclaimer

The written and verbal educational materials and public outreach tools that are required by the Ordinance and disseminated under this Plan will include a disclaimer similar to the following: "This material has been provided for the purposes of compliance with legislation and does not necessarily reflect the views of MED-Project or the Producers participating in the MED-Project Product Stewardship Plan."

XI. Survey

Per Ordinance § B11-568(c), within two years after the first twelve-month period of operation, and biennially thereafter, MED-Project will conduct a survey of Residents, pharmacists, veterinarians, and health professionals who interact with patients on the use of Sharps. MED-Project will submit the contents and methodology of the survey to the Director for approval within one year after the first year of Program operation. *See* Regulations § 9.A. The survey will be conducted in the Specified Languages.

XII. Compliance with Applicable Laws, Regulations, and other Legal Requirements

The Ordinance requires that a Plan describe how all entities participating in the Program will comply with and operate under all applicable local, state, and federal laws, regulations, and other legal requirements. Ordinance § B11-563(d). The Plan is designed such that all entities participating in the Program shall comply with all applicable local, state, and federal laws, regulations, and other legal requirements. These include, but are not limited to, applicable regulations of the United States Environmental Protection Agency, the United States Occupational Safety and Health Administration Standards, and other regulations and legislation highlighted below:

A. United States Department of Transportation

When transporting Sharps, Vendor will ensure compliance with the DOT HMR. Shipments of Sharps will comply with applicable shipping papers, packaging, placarding, and other DOT HMR requirements for transporting these materials.

B. California Board of Pharmacy

In the event that the California Board of Pharmacy promulgates rules regarding the collection of Sharps, MED-Project will submit an update to this Plan.

C. California Medical Waste Management Act

California comprehensively regulates the transportation, storage, treatment, and disposal of Sharps under the Medical Waste Management Act, Cal. Health & Safety Code § 117600 *et seq.* Many of these requirements apply to “home-generated sharps waste,” meaning “[h]ypodermic needles, pen needles, intravenous needles, lancets, and other devices that are used to penetrate the skin for the delivery of medications derived from a household, including a multifamily residence or household.” § 117671. Among other requirements, the Medical Waste Management Act requires that home-generated Sharps shall “be transported only in a sharps container, or other containers approved by the enforcement agency . . .” § 118286(b). These home-generated Sharps may only be managed at certain facilities, including but not limited to a “home-generated sharps consolidation point[s]” or facilities through Mail-Back Services. *See id.* The Medical Waste Management Act also requires specific treatment methods for Sharps to render them non-infectious before disposal. *See* § 118225(a) (requiring treatment by incineration, steam sterilization, or another approved method).

XIII. Annual Report

An annual report will be provided to the Director within four months after the end of the first twelve-month period of operation and annually thereafter. Ordinance § B11-569(a). The annual report's content will include:

1. The amount, by weight, collected, including the amount, by weight, from each collection method used;
2. The weight collected, number of pick-ups, and the quantity of outer containers (if applicable), for each collection site;
3. A list of Kiosk Drop-Off Sites;
4. The number of Mail-Back Packages provided to Residents and how many were returned during the reporting period;
5. The dates and locations of Take-Back Events held, if applicable, and the quantities by weight returned at those events;
6. The carrier(s) and disposal facility(ies) used;
7. A description of the public education, outreach and evaluation activities implemented during the reporting period;
8. A summary of the Product Stewardship Plan's goals, the degree of success in meeting those goals in the past year, and, if any goals have not been met, what effort will be made to achieve the goals in the next year;

The first report will cover the 12-month period following the Plan's approval. All subsequent reports will cover the 12-month period following the previous report.

Appendix A

MED-Project Participants

The list of participating Producers in MED-Project's Program in the County is provided to the County on a routine basis to satisfy Ordinance requirements. The below list is a subset of the information provided as of January 11, 2019.

Parent Company	Company Name	Address	City	ST	Zip	Country
Abbott Diabetes Care	Abbott Diabetes Care	1360 South Loop Road	Alameda	CA	94502	USA

ACCEPTED: SHARPS (SUCH AS HYPODERMIC NEEDLES, PEN NEEDLES, PRE-LOADED SHARPS, AUTO INJECTORS, INTRAVENOUS NEEDLES, LANCETS AND OTHER DEVICES USED TO PENETRATE THE SKIN FOR DRAWING BLOOD, OR FOR THE DELIVERY OF MEDICATIONS) CONTAINED IN U.S. FOOD AND DRUG ADMINISTRATION-CLEARED SHARPS CONTAINERS.*

NOT ACCEPTED: CONTROLLED SUBSTANCES, UNWANTED MEDICINE NOT CONTAINED IN SHARPS, AND LOOSE SHARPS THAT ARE NOT CONTAINED IN U.S. FOOD AND DRUG ADMINISTRATION-CLEARED SHARPS CONTAINERS.

**All sharps disposal containers should be made of a heavy-duty plastic; able to close with a tight-fitting, puncture-resistant lid without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as "sharps waste" or with the biohazard symbol and the word "BIOHAZARD" to warn of hazardous materials inside the container.*

Sample Mail-Back Package

Description:

Mail-Back Package including FDA-cleared sharps container with mail-back packaging, return label, instructional flyer, and unique identifier enabling tracking from collection through final disposal.

Package Size:

1.4-quart mail-back system

PureWay mail-back solutions are an example of complete, turnkey systems to provide for the safe return of Sharps through the United States Postal Service. All PureWay solutions are tested and permitted to USPS specifications as outlined in USPS Publication 52.

MED-Project may choose to change its Vendor for Mail-Back Services at any time, subject to requirements in the Ordinance.

Sample Mail-Back Package Insert

Front of insert

SHARPS MAIL-BACK PACKAGE

ACCEPTED: Sharps (such as hypodermic needles, pen needles, pre-loaded sharps, auto injectors, intravenous needles, lancets and other devices used to penetrate the skin for drawing blood, or for the delivery of medications) contained in U.S. Food and Drug Administration-cleared sharps containers.*

NOT ACCEPTED: Controlled Substances, unwanted medicine not contained in sharps, and loose sharps that are not contained in U.S. Food and Drug Administration-cleared sharps containers.

**All sharps disposal containers should be made of a heavy-duty plastic; able to close with a tight-fitting, puncture-resistant lid without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as "sharps waste" or with the biohazard symbol and the word "BIOHAZARD" to warn of hazardous materials inside the container.*

This material has been provided for the purpose of compliance with legislation and does not necessarily reflect the views of MED-Project or the Producers participating in the MED-Project Product Stewardship Plan.

Medication Education & Disposal

DISPOSAL OPTIONS:

1 CHECK THE PACKAGE

If there are specific instructions for disposal on the label, package, or package insert, please follow those instructions.

3 MAIL-BACK

Mail-Back services for Sharps may be available in your area. Visit www.med-project.org to order a mail-back package.

2 CONVENIENT LOCATIONS

To find convenient locations in your area, visit www.med-project.org for more information.

4 TAKE-BACK EVENTS

Local Take-Back Events offer residents a free and convenient way to dispose of Sharps. Visit www.med-project.org for information on events in your area.

For more information about the MED-Project program, please go to www.med-project.org or call 1-844-MED-PROJECT.

This material has been provided for the purpose of compliance with legislation and does not necessarily reflect the views of MED-Project or the Producers participating in MED-Project Product Stewardship Plan.

Appendix F

Sample FDA-Cleared Sharps Container

Description:

Designed for Sharps, the Sharps Container is a solid opaque plastic, leak-proof and puncture-resistant container for safe, convenient disposal of Sharps.

Package Sizes:

1.4-quart FDA-cleared sharps container

MED-Project may choose to change its Vendor for Sharps Containers at any time, subject to requirements in the Ordinance.

Appendix H

Sample Brochure

Translations of the brochure will be available in the Specified Languages.

Front of Brochure

WHAT SHOULD YOU DO WITH YOUR SHARPS?

SAFELY DISPOSE OF SHARPS

For more information about the MED-Project Program, go to www.med-project.org or call 1-844-MED-PROJECT

ACCEPTED FOR SHARPS DISPOSAL

ACCEPTED: SHARPS (SUCH AS HYPODERMIC NEEDLES, PEN NEEDLES, PRE-LOADED SHARPS, AUTO INJECTORS, INTRAVENOUS NEEDLES, LANCETS AND OTHER DEVICES USED TO PENETRATE THE SKIN FOR DRAWING BLOOD, OR FOR THE DELIVERY OF MEDICATIONS) CONTAINED IN U.S. FOOD AND DRUG ADMINISTRATION-CLEARED SHARPS CONTAINERS.

NOT ACCEPTED: CONTROLLED SUBSTANCES, UNWANTED MEDICINE NOT CONTAINED IN SHARPS, AND LOOSE SHARPS THAT ARE NOT CONTAINED IN U.S. FOOD AND DRUG ADMINISTRATION-CLEARED SHARPS CONTAINERS.

Medicines help treat diseases, manage chronic conditions, and improve health and well-being for millions of Americans. It's vitally important that patients take their medicine as prescribed by their health care provider and as indicated on the label or packaging. Storing used sharps securely to prevent accidental ingestion, sticks, or misuse (especially by children) is also very important.

(Source: U.S. Food and Drug Administration)

MED-Project™
Medication Education & Disposal

Sample Brochure

Translations of the brochure will be available in the Specified Languages.

Back of Brochure

HOUSEHOLD SHARPS DISPOSAL

1 CHECK THE PACKAGE

If there are specific instructions for disposal on the label, package or package insert, please follow those instructions.

Never place sharps in the trash or recycling, and never flush them down the toilet. Disposing of sharps in the trash or recycling may put trash and sewage workers, janitors, housekeepers, household members, and children at risk of being harmed.¹

2 CONVENIENT KIOSKS

Dispose of sharps containers in convenient kiosks located in pharmacies or law enforcement agencies.

Visit www.med-project.org to find collection sites near you.

3 MAIL-BACK

Mail-Back Services are available to Residents. Persons providing caretaker services to Residents may also request Mail-Back packages on their behalf. Mail-Back Distribution Locations may also be available in your area. To order a Mail-Back package or to find distribution locations near you, visit www.med-project.org

4 TAKE-BACK EVENTS

Take-Back Events also may be scheduled in your area. Visit www.med-project.org to find events near you.

HOUSEHOLD SHARPS DISPOSAL

Sharps can be dangerous to people and pets if not disposed of safely. Sharps can cause injuries and/or spread infections that cause serious health conditions. These infections may include: **Hepatitis B (HBV)**, **Hepatitis C (HCV)**, and **Human Immunodeficiency Virus (HIV)**.

Safe sharps disposal is important whether you are at home, at work, at school, traveling, or in other public places such as hotels, parks, and restaurants. Pet owners who use needles to give medicine to their pets should follow the same sharps disposal guidelines used for humans.¹

SHARPS DISPOSAL CONTAINERS

Sharps containers must be: made of a heavy-duty plastic; able to close with a tight-fitting, puncture-resistant lid, without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as "sharps waste" or with the biohazard symbol and the word "BIOHAZARD" to warn of hazardous materials inside the container.

Place all sharps in a sharps disposal container immediately after they have been used. This will reduce the risk of needle sticks, cuts, and punctures from sharps. Sharps disposal containers should be kept out of reach of children and pets.¹

DO NOT REUSE SHARPS DISPOSAL CONTAINERS.

Sample Education and Outreach Call Center Script

Thank you for calling the information line for the Medication Education and Disposal Project, or MED-Project.

Call Script:

- If you are experiencing a medical emergency, please hang up and dial 9-1-1.
- If you are experiencing a non-emergency but suspect that you or a family member has ingested something poisonous, please call Poison Control at 800-222-1222.
- For more information on proper disposal of unwanted medicines, press 1
- For more information on proper disposal of sharps, press 2
- Press "0" to reach an operator at any time
- *Thank you for calling MED-Project.*

Unwanted Medicines Script for when Option 1 is selected:

- Unwanted medicine Kiosks are located throughout your local area and provide convenient options for disposing of expired or unwanted medicine. [Press 3](#) for more information about convenient kiosks.
- Mail-Back Services are available to Residents. [Press 4](#) for more information.
- Take-back events may be scheduled throughout the year and offer Residents a free and convenient way to dispose of expired or unwanted medicine. [Press 5](#) for more information.
- You may [press 0](#) at any time to speak with an operator about disposal options.
- MED-Project is a consumer education campaign dedicated to proper medication use and consumer disposal.
- MED-Project reminds you that taking your medicine as directed by your health care provider is important to your health.
- If you have questions about your medication, please hang up and call your health care provider.
- For additional questions about the proper disposal of unwanted medicine or sharps from households, please go to MEDProject.org or [press 0](#) to talk to an operator.
- To hear this menu again, please [press 1](#).
- *Thank you for calling MED-Project.*

Unwanted Medicine Kiosk Script for when Option 3 is selected:

- Kiosks drop-off sites for unwanted medicine are located conveniently throughout your local area. To locate the site nearest you and their contact information, [press 0](#) to speak with an operator or visit MEDProject.org to search by your zip code.
- Kiosks accept medications in any dosage form in their original container or sealed bag. Items that are not accepted include herbal remedies, vitamins, supplements, cosmetics or other personal care products; medical devices; batteries; mercury-containing thermometers; sharps; and illicit drugs.
- If you do transfer your medications to a sealed bag before placing it into a kiosk, please be sure to recycle all remaining packaging.
- To protect your privacy, remove or black out all personally identifiable information before disposing of your medications or recycling your drug packaging.
- To repeat this information, [press 3](#).
- To return to the main menu, please [press 1](#).
- *Thank you for calling MED-Project.*

Unwanted Medicine Mail-Back Services Script for when Option 4 is selected:

- Mail-Back Services for unwanted medicine and inhalers are available to disabled and home-bound Residents. Home healthcare professionals providing services to disabled and home-bound Residents may request a Mail-Back Package on their behalf.
- Unwanted medicine Mail-Back Packages accept medications in any dosage form in their original container or sealed bag. Items that are not accepted include herbal remedies, vitamins, supplements, cosmetics or other personal care products; inhalers; medical devices; batteries; mercury-containing thermometers; sharps; or illicit drugs.
- To request a Mail-Back Package, please [press 0](#) to talk to the operator or visit MEDProject.org.
- Mail-Back Distribution Locations may also be available in your area.
- If you do transfer your medications to a sealed bag, please be sure to recycle all remaining packaging.
- To protect your privacy, remove or black out all personally identifiable information before disposing of your medications or recycling your drug packaging.
- To repeat this information, [press 4](#).
- To return to the main menu, please [press 1](#).
- *Thank you for calling MED-Project.*

Unwanted Medicine Take-Back Event Script for when Option 5 is selected:

- MED-Project may be working with local law enforcement and other community organizations to offer regular expired and unwanted medicine take-back events in your area. For a complete list of take-back events, please press 0 to speak to the operator, or visit [MEDProject.org](https://www.MEDProject.org).
- Take Back Events accept medications in any dosage form in their original container or sealed bag. Items that are not accepted include herbal remedies, vitamins, supplements, cosmetics or other personal care products; medical devices; batteries; mercury-containing thermometers; sharps; and illicit drugs.
- If you do transfer your medications to a sealed bag, please be sure to recycle all remaining packaging.
- To protect your privacy, remove or black out all personally identifiable information before disposing of your medications or recycling your drug packaging.
- To repeat this information, press 5.
- To return to the main menu, please press 1.
- *Thank you for calling MED-Project.*

Sharps Script for when Option 2 is selected:

- Sharps Kiosks are located throughout your local area and provide convenient options for disposing of used or unwanted Sharps. Press 3 for more information about convenient kiosks.
- Mail-Back Services are available to Residents. Press 4 for more information.
- Take-back events may be scheduled throughout the year and offer Residents a free and convenient way to dispose of unwanted sharps. Press 5 for more information.
- You may press 0 at any time to speak with an operator about disposal options.
- MED-Project is a consumer education campaign dedicated to proper medication use and consumer disposal.
- MED-Project reminds you that taking your medicine as directed by your health care provider is important to your health.
- If you have questions about your medication, please hang up and call your health care provider.
- **Never place Sharps in the trash or recycling, and never flush them down the toilet.** Disposing of Sharps in the trash or recycling may put trash and sewage workers, janitors, housekeepers, household members, and children at risk of being harmed.
- For additional questions about the proper disposal of unwanted medicine or sharps from households, please go to [MEDProject.org](https://www.MEDProject.org) or press 0 to talk to an operator.
- To hear this menu again, please press 1.
- *Thank you for calling MED-Project.*

Sharps Kiosk Script for when Option 3 is selected:

- Kiosks drop-off sites for used or unwanted sharps are located conveniently throughout your local area. To locate the site nearest you and their contact information, press 0 to speak with an operator or visit [MEDProject.org](https://www.MEDProject.org) to search by your zip code.
- Kiosks accept Sharps (such as hypodermic needles, pen needles, pre-loaded sharps, auto-injectors, intravenous needles, lancets and other devices used to penetrate the skin for drawing blood or for the delivery of medications) contained in sharps containers approved by the U.S. Food and Drug Administration. MED-Project cannot accept controlled substances, unwanted medicine not contained in sharps, and loose sharps that are not contained in FDA-cleared sharps containers.
- FDA-cleared sharps containers should be made of a heavy-duty plastic; able to close with a tight-fitting, puncture-resistant lid without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as “sharps waste” or with the biohazard symbol and the word “BIOHAZARD”.
- To repeat this information, press 3.
- To return to the main menu, please press 1.
- *Thank you for calling MED-Project.*

Sharps Mail-Back Services Script for when Option 4 is selected:

- Mail-Back Services for used or unwanted sharps are available to disabled and homebound Residents. Home healthcare professionals providing services to disabled and homebound Residents may request a Mail-Back Package on their behalf.
- Sharps Mail-Back Packages accept Sharps (such as hypodermic needles, pen needles, pre-loaded sharps, auto-injectors, intravenous needles, lancets and other devices used to penetrate the skin for drawing blood or for the delivery of medications) contained in sharps containers approved by the U.S. Food and Drug Administration. These cannot accept controlled substances, unwanted medicine not contained in sharps, and loose sharps that are not contained in FDA-cleared sharps containers.
- FDA-cleared sharps containers should be made of a heavy-duty plastic; able to close with a tight-fitting, puncture-resistant lid without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as “sharps waste” or with the biohazard symbol and the word “BIOHAZARD”.
- To request a Mail-Back Package, please press 0 to speak to the operator or visit the Mail-Back section of our website at MEDProject.org.
- Mail-Back Distribution Locations may also be available in your area. Please visit the Convenient Locations section of our website at MEDProject.org or press 0 to speak to the operator.
- To repeat this information, press 4.
- To return to the main menu, please press 1.
- *Thank you for calling MED-Project.*

Sharps Take-Back Event Script for when Option 5 is selected:

- MED-Project may be working with local law enforcement and other community organizations to offer regular used or unwanted Sharps take-back events in your area. For a complete list of take-back events, please press 0 to speak to the operator, or visit MEDProject.org.
- Take Back Events accept Sharps (such as hypodermic needles, pen needles, pre-loaded sharps, auto-injectors, intravenous needles, lancets and other devices used to penetrate the skin for drawing blood or for the delivery of medications) contained in sharps containers approved by the U.S. Food and Drug Administration. These events cannot accept controlled substances, unwanted medicine not contained in sharps, and loose sharps that are not contained in FDA-cleared sharps containers.
- FDA-cleared sharps containers should be made of a heavy-duty plastic; able to close with a tight-fitting, puncture-resistant lid without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as “sharps waste” or with the biohazard symbol and the word “BIOHAZARD”.
- To repeat this information, press 5.
- To return to the main menu, please press 1.
- *Thank you for calling MED-Project.*

MED-Project™
Medication Education & Disposal

MEDhome MEDInfo MEDfaq Contact

Santa Clara County, CA

Medicines help treat diseases, manage chronic conditions, and improve health and well-being for millions of Americans. It's vitally important that patients take their medicines as prescribed by their health care provider. However, if you have expired or Unwanted Medicines or used Sharps, proper disposal is important and easy.

Medicines help treat diseases, manage chronic conditions, and improve health and well-being for millions of Americans. It's vitally important that patients take their medicines as prescribed by their health care provider and as indicated on the label or packaging. It's also important to be sure to store medications and sharps securely to prevent accidental ingestion or misuse by others in your household, especially children.

There are a number of ways to dispose of expired or unwanted medicines. To protect your privacy, consumers are reminded to remove all personally identifiable information on prescription labels or materials before using any of the available disposal options.

For additional information on the program, MED-Project has developed an educational toolkit, including:
