Re: Novo Nordisk Inc. 2018 Proposed Consumer Generated Sharps Waste Plan

Dear Mr. Grimes,

After extensive review, Novo Nordisk Inc. (NNI) has decided to renew its partnership with Pharmaceutical Product Stewardship Work Group (PPSWG) on February 28, 2019 to ensure compliance with Ordinance No. NS-517.92 Chapter XXI-Safe Sharps Disposal §.B11-562.(c)(2),

This partnership will continue until NNI is able to develop an appropriate solution to meet the operational complexities required by this ordinance.

Should you have any questions, please contact me at AMPP@NovoNordisk.com, or in my absence you may reach out to Kimi Gorman at KMGM@NovoNordisk.com.

Sincerely,

Amie Phillips Pablo
