For MFBU's with more than 10 persons, add the appropriate maintenance need for 10 plus \$7.00 for each additional person.
The maintenance need for 1 when all other persons are PA or other PA is \$204.00.
The ABD-MN maintenance need for 1 when all other persons are PA or other PA is \$272.00.

The maintenance need of \$204 for a non-ABD-MN beneficiary when all other family members are PA recipients. This figure was computed by dividing the maintenance need for two non-ABD-MN persons (\$408) in half.

If all needs (housing, food, utilities, and clothing) were provided to a beneficiary, he/she would have received \$218 of in-kind income. However, if the beneficiary was a non-ABD person and all other family members were PA recipients, he/she would have had a share of cost of \$14 even though he or she had no income other than income in kind.

Instead, per All County Welfare Directors Letter No. 82-46, Eligibility Workers must use one-half of the Income-in-Kind Chart value amount for a non-ABD-MN beneficiary when all other family members are PA recipients and all needs are provided.
