Update 2016-30: Common Place Handbook
Request for Verification Form CW 2200-GA

Background
The “Request for Verification” form (CW 2200) is a mandatory form for CalWORKs (CW) and CalFresh (CF) programs. The form does not list all verifications needed for General Assistance (GA) and Cash Assistance Program for Immigrants (CAPI) programs.

Change
With California Department of Social Services (CDSS) - Forms Division approval, a substitute form “Request for Verification” (CW 2200-GA) has been developed to be used in CalFresh cases with GA and/or CAPI programs.

Implementation
The information in this Update is effective immediately upon receipt.

Data Systems
CW 2200-GA is not a CalWIN generated form. It is posted in the DEBS Forms Library for manual generation.

Forms
Form CW 2200 is still required for CalWORKs and for CalFresh only cases.

Other Programs
The information in this Update applies to the General Assistance and CalFresh Programs.
